

## UYOA TOUR RULES

---

All course (and I mean all) will be applied including out of bound markers, no moving of the ball etc...

All scores will be recorded twice by two separate players on the day. Under no circumstances is Christian Assirati allowed to be an official scorer.

In the event of a tie on strokes at the end of the round then the points will be given to both players, i.e. first will receive 1 point each. Second position will then receive 2 points etc...

This rule does not apply for the last round which will in the event of a tie, will result in a count back. Here the best score on the prevailing holes will determine the winner.

One "Wild Card" course still remains and it is the decision of all players as to whether this course is used last or during the Tour.

Only 13 clubs are allowed in the players bag - more clubs will automatically result in a last place score.
